## ALLERGY INFORMATION

At Camp Seton we are sensitive to the needs of all our campers, including those who suffer from allergies. We are not a nut-free facility however we provide "food friendly" tables in our lunch area. These designated tables are nut-free and staff members check all lunches. If campers pack a lunch with peanut butter, they must eat in the designated lunch area. Snacks are permitted at camp but must be nut-free if consumed outside of a lunch area to help avoid cross contamination. Although staff is notified in advance of campers in their group with an allergy, we strongly encourage you and/or you child to speak directly with their counselor. "Recognizing of Anaphylaxis Symptoms" is part of our pre-camp training. CT State licensing requires that all campers that require special consideration submit a plan of action to the camp health office.
